All models use 5052 corrosion resistant aluminum.  
 Where .063 / .072 is listed that is 5052-H36 aluminum alloy with tensile strength of 40,000 PSI (comparable to mild steel).  
 Dimensions and weights are nominal and modest variation may occur.  
 Duroboat reserves the right to change specifications at any time.  
 \* - alternate rating for 50HP and 4 person capacity is available on 16 ft boats. (see your dealer)
